**Data Flow Diagram & User Stories**

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
HR Manager	Reporting	US1	View interactive HR reports	Access reports with filters and drill down	High	Sprint 1
	Analysis	US2	Analyse HR data	Slice, dice, filter, visualize HR data	High	Sprint 1
